Container Package Bs1139 Scaffolding Couplers Conforming To EN74-1 Standard Guidelines

Our Product Introduction

Basic Information

- Place of Origin: china tianjin
- Brand Name: scaffolding coupler
- Model Number: BM201
- Minimum Order Quantity: 1000
- Price: 4.5
- Delivery Time: 15-25

Product Specification

- MOQ: 1000
- Type: Right Angle
- Name: Scaffolding Coupler
- Application: Construction
- Feature: High Strength
- Color: Silver
- Surface Treatment: Galvanized
- Standard: EN74-1
- Highlight: **Bs1139 Scaffolding Couplers**, **EN74-1 Standard Scaffolding Couplers**, **En74 Scaffolding Fixed Coupler**

Product Description

Container Package Bs1139 Scaffolding Couplers Conforming To EN74-1 Standard Guidelines

Product Description:

Scaffolding Coupler is a type of right angle tube and coupler scaffold made of high-quality Galvanized steel. This material helps to ensure that the product is sturdy and durable. It is specially designed to be used in the construction industry, and its silver color gives it a stylish and elegant look. The product comes in a container package, and the minimum order quantity is 1000 pieces. The product is easy to assemble, and its galvanized steel construction ensures that it can withstand wear and tear. It is also corrosion-resistant and can be used in different weather conditions. With the help of Scaffolding Coupler, you can build structures quickly and efficiently.

Features:

Product Name: Scaffolding Coupler
Feature: High Strength
Type: Right Angle
MOQ: 1000
Color: Silver
Standard: EN74-1
Material: British coupler, Galvanized steel, Japanese coupler

Technical Parameters:

Name	Value
Name	Scaffolding Coupler
MOQ	1000
Color	Silver
Package	Container
Material	Hot Dipped Galvanized Steel
Application	Construction
Standard	EN74-1
Feature	High Strength
Type	Right Angle Scaffold Clamp Coupler
Surface Treatment	Galvanized

Applications:

Scaffolding Double Coupler: BM201

BM201 is a hot dipped galvanized steel scaffolding double coupler manufactured by Tianjin, China. It is a double coupler used for tube and coupler scaffold systems and is EN74-1 certified. It has a minimum order quantity of 1000 and a price of 4.5 USD. Delivery time is 15-25 days. It is made of high strength steel and has a galvanized surface treatment. It is ideal for construction and engineering projects and is an essential part of a tube and coupler scaffold.

Customization:

Customized Scaffolding Coupler
