Product Description

Scaffolding System Scaffold Platform Step Extension Ladder Safety Step Ladder

Product Description:

Scaffolding Ladders - Your Trusted Ladder with Hook

If you are looking for a reliable load-bearing ladder for your construction work, look no further than Scaffolding Ladders. Our high-quality ladder with hook is designed to provide a safe and stable platform for workers to perform their tasks with ease.

Warranty

At Scaffolding Ladders, we believe in the quality of our products, which is why we offer a 2-year warranty. This warranty ensures that your ladder with hook will be free from defects in material and workmanship for a period of 2 years from the date of purchase.

Material

Our scaffolding ladder is made from high-grade aluminum or hot-dipped galvanized (HDG) steel, making it durable and long-lasting. The use of these materials also ensures that our ladder is lightweight, making it easy to transport and move around on construction sites.

Size and Step Width

The Scaffolding Ladders are available in a standard size of 3m, providing enough height for most construction tasks. The step width of 50cm ensures that workers have enough space to stand comfortably and work with stability.

Color

The Scaffolding Ladders are available in a sleek silver color, giving it a professional and modern look. This color also makes the ladder highly visible, providing an added safety feature for workers on construction sites.

Load-bearing ladder with hook

The Scaffolding Ladders are designed to be load-bearing, with a weight capacity of up to 150kg. The ladder with hook feature allows for easy and secure attachment to scaffolding structures, making it an essential tool for construction workers.

Versatility

Apart from being used as a scaffolding ladder, our product can also be used as a standard extension ladder, making it a versatile and cost-effective option for workers. It can also be easily folded for storage, saving space on construction sites.

Invest in Scaffolding Ladders today and experience the convenience and safety it brings to your construction work. With our 2-year warranty, high-quality materials, and sturdy design, our ladder with hook is the perfect choice for your construction needs.
