Packing and Shipping:

Scaffolding Coupler Packaging and Shipping

Our Scaffolding Couplers are carefully packaged to ensure safe delivery to our customers. Each coupler is individually wrapped in bubble wrap to prevent any damage during transportation.
For larger orders, the couplers are placed in sturdy cardboard boxes and secured with packing materials to prevent shifting during shipping.
For international shipments, all necessary customs documentation will be included with the package.
Shipping Options

We offer a variety of shipping options to meet our customers' needs:

Standard Shipping: Delivery within 3-5 business days for domestic orders and 7-10 business days for international orders.

Expedited Shipping: Delivery within 1-2 business days for domestic orders and 3-5 business days for international orders. Additional fees may apply.

International Priority Shipping: Delivery within 1-3 business days for international orders. Additional fees may apply.

Customers can select their preferred shipping option at checkout.
Tracking Your Shipment

Once your order has been shipped, you will receive a tracking number via email. You can use this tracking number to monitor the status of your shipment and estimated delivery date.
If you have any questions or concerns about your shipment, please don't hesitate to contact our customer service team at [email address] or [phone number]. We are committed to providing the best possible shipping experience for our customers.
