

Wholesale Q195 SNAP LOCK Strength Non-Slip Surface Powder Coated Scaffolding Mason Frame for Sale

Our Product Introduction

for more products please visit us on bythaiscaffold.com

Basic Information

- Place of Origin: China
- Brand Name: Bythai
- Model Number: BT04

Product Specification

- Features: Easy To Assemble And Disassemble
- Stability: High
- Surface Treatment: Powder Coating
- Safety: High
- Durability: High
- Weight: Lightweight
- Load Capacity: High
- Material: Steel
- Size: Customized
- Usage: Indoor/Outdoor
- Flexibility: High
- Customization: Available
- Application: Construction

Product Description

Product Description:

Discover the ultimate in construction support with our Wholesale Q195 SNAP LOCK Mason Frame. Engineered with superior strength and durability, this mason frame is designed to meet the rigorous demands of any construction project.

Key Features:

Q195 Steel Quality: Crafted from high-grade Q195 steel, ensuring exceptional strength and resilience. This material is known for its robust performance in heavy-duty applications, making it a reliable choice for any construction site.

SNAP LOCK Mechanism: The innovative SNAP LOCK system allows for quick and secure assembly, reducing setup time and increasing efficiency. This feature ensures that your scaffolding is both stable and safe for workers.

Non-Slip Surface: Safety is paramount, and our mason frame includes a non-slip surface to prevent accidents. This design feature enhances worker safety, making it ideal for use in diverse weather conditions and environments.

Wholesale Availability: We offer competitive wholesale pricing, making it easier for businesses to access high-quality scaffolding solutions without breaking the bank. Perfect for large-scale projects or construction companies looking to stock up on essential equipment.

Versatile Use: Suitable for a wide range of construction applications, from residential to commercial projects. The strength and durability of the Q195 steel ensure that this mason frame can handle the toughest jobs.

Features:

Product Name: Frame System Scaffolding

Surface Treatment: Powder Coating

Reusability: Yes

Safety: High

Flexibility: High

Color: Steel, Painted Color

Ladder Frame: Yes, for Frame System Structuring

Technical Parameters:

Parameter	Description
Flexibility	High
Cost-effectiveness	Yes
Safety	High
Surface Treatment	Powder Coating
Stability	High
Size	Customized
Color	Steel, Painted Color
Reusability	Yes
Material	Steel
Durability	High
Application	Scaffolding System for Construction, Scaffolding Frame System, H Scaffold System

Applications:

Bythai BT04 Frame System Scaffolding

Bythai BT04 Frame System Scaffolding is a perfect combination of h frame and ladder frame structures that offer an efficient and cost-effective solution for construction projects. It features a high load bearing capacity, high durability, excellent safety, and reusability. In addition, it is highly cost-effective, making it the perfect choice for applications such as scaffolding, formworks, and temporary structures. These features make Bythai BT04 Frame System Scaffolding the ideal choice for any construction project, as it ensures that the job is done efficiently, safely, and with minimal cost. The high load capacity, durability, and safety of the frame system make it ideal for any kind of scaffolding, formwork, or temporary structure, while the reusability ensures that the product can be used for multiple projects.

Bythai BT04 Frame System Scaffolding is the ideal choice for any construction project due to its high load capacity, durability, safety, reusability, and cost-effectiveness. With this product, you can be sure that your construction project will be completed efficiently, safely, and cost-effectively.

Customization:

Bythai BT04 Scaffold Mobile Frame System

This scaffold mobile frame system is made from high-quality materials, offering you superior durability and stability. It is lightweight, making it easy to move and transport. It is also cost-effective and can be customized to fit your needs. The Bythai BT04 Scaffold System is an excellent walk-through scaffold system that provides maximum safety and efficiency.

Support and Services:

We provide technical support and services for Frame System Scaffolding. Our technical support team has a range of experts who are available to answer any questions you may have about the product. We also provide ongoing maintenance and monitoring services to ensure the system runs optimally. Our team is trained in the latest technologies and can provide custom solutions to any issues you may have. We strive to provide the best customer service and support to our customers so that they can have the best experience with our product.
